

DEADLY FORCE: UNDERSTANDING YOUR RIGHT TO SELF-DEFENSE

In this timely update of the world's most authoritative work, *In the Gravest Extreme*, Massad Ayoob utilizes an additional 30 years of experience to discuss the ideas and issues surrounding the armed citizens' rules of engagement.

Ayoob explores the evolution of gun laws during the last three decades, discusses the recognition of permits in different states, magazine capacity limits, and how best to keep on top of these ever-changing laws.

- Explains legal and ethical issues around lethal force
- Teaches social and psychological issues surrounding lethal force for self-defense or in defense of others
- Explores commonly held misconceptions about armed self-defense
- Discusses steps an armed citizen can take in order to properly prepare for or help mitigate a lethal force situation
- Analyzes real-world lethal force cases situations
